

LOGS SUMMER TRAINING COURSES- 2014

Whether you are a current student, a fresh graduate or an experienced professional and you would like to expand your knowledge in oilfield aspects, here is your chance to attend LOGS short training courses offered for this summer.

List of Upcoming Courses:

Course Title	Duration	Time Schedule	Registration Deadline	Registration Fees	Venue
Introduction to Oilfield Lifecycle	3 days	July 2 - July 4, 2014 (08:00 am - 02:30 pm)	May 1, 2014	700 USD	LOGS Offices
Basics of Formation Evaluation (Petrophysics)	3 days	July 9 - July 11, 2014 (08:00 am - 02:30 pm)	May 1, 2014	700 USD	LOGS Offices

Course Information:

Basics of Formation Evaluation(Petrophysics)	Introduction to Oilfield Lifecycle
Who Should Attend: Petrophysicists, Well Analysts, Geologists, Petroleum Geologists and Engineers.	Who Should Attend: Geologists, Petroleum Geologists and Engineers.
Course content: <ul style="list-style-type: none"> • Introduction to Petrophysics • Data Acquisition • Review of Reservoir Characterization Concepts • Determination of Lithology <ul style="list-style-type: none"> ➢ Gamma Ray/Spontaneous Potential ➢ Density - PEF • Determination of Porosity <ul style="list-style-type: none"> ➢ Sonic/Density/Neutron ➢ Cross-Plot Techniques ➢ Nuclear Magnetic Resonance • Hydrocarbon Saturation <ul style="list-style-type: none"> ➢ Resistivity/Micro-resistivity ➢ Laterolog/Induction • Hydrocarbon Types • Permeability • Quick-look Evaluation 	Course content: <ul style="list-style-type: none"> • Introduction to Oil & Gas Industry • Exploration Phase <ul style="list-style-type: none"> ➢ Geosciences Overview ➢ Geophysical Methods ➢ Drilling Overview and challenges • Appraisal Phase <ul style="list-style-type: none"> ➢ Reservoir Engineering ➢ Characterization ➢ Estimation of Reserves ➢ Field Development Planning • Development Phase • Production Technology <ul style="list-style-type: none"> ➢ Conventional Completions ➢ Specific Completions ➢ Secondary & Tertiary Recoveries ➢ Challenges

Book your seat early as places are limited.

You can register by sending an email to: info@logs-services.com.

Candidates will receive a participation certificate upon completion of the course.
